2013 UK SPORT DIVER MEDICAL FORM

Website: www.uksdmc.co.uk

Diving Training should not be undertaken until the candidate has completed this Medical Declaration or had a Medical Examination confirming fitness to dive.

Fees for countersignature of this form or for a medical examination are the responsibility of the diver.

NOTES TO DIVER

It is necessary for members of the above organisations to complete this form annually on renewal of membership. Exceptional fitness is not essential; both men and women can dive safely provided they are reasonably fit. Sport diving can at times involve heavy physical exertion. Moreover, recreational diving in the UK is carried out in what can occasionally be a cold, dark and hostile environment and it entails responsibility for the safety of other divers. If you have any queries then please contact a medical referee (listed on the website above).

After completing the questions below please follow the instructions overleaf.

IMPORTANT - FAILURE TO DECLARE A MEDICAL CONDITION COULD INVALIDATE YOUR INSURANCE.
